What is the Fund about?

AmIslamic Balanced is an Islamic balanced fund issued by AmFunds Management Berhad that aims to grow the value of investments in the longer term with lower volatility through asset diversification, which conforms to principles of Shariah.

Who is the Fund suitable for?

The Fund is suitable for investors:

- seeking to maintain their principal with potential capital appreciation and lower volatility through a diversified portfolio of mixed assets;
- seeking potential steady growth; and
- with medium to long-term* investment goals in Islamic investments.

*Note: *Medium to long-term refers to a period of at least three (3) years.*

What am I investing in?

Fund Category	Balanced (Islamic)
Fund Type	Growth
Investment Objective	<p>AmIslamic Balanced aims to grow the value of investments in the longer term with lower volatility through asset diversification, which conforms to principles of Shariah.</p> <p><i>Note: Any material change to the investment objective of the Fund would require Unit Holders’ approval.</i></p>
Investment Strategy	<p>AmIslamic Balanced invests in Shariah-compliant equities and sukuk ranging between 40% and 60% for either asset class. In managing the Fund, AmIslamic Funds Management Sdn Bhd (the “Investment Manager”) may opt to invest in the investments either directly or via unit trust funds.</p> <p>Islamic Equity</p> <p>The Fund can invest up to a maximum 60% of its net asset value (the “NAV”) in Shariah-compliant equities. Value-add from equities investments are derived from active stock selection with focus on undervalued Shariah-compliant stock relative to its earnings growth potential and/or its intrinsic value. In the event that outlook for equity investments is not conducive, the Fund can choose to have a minimum exposure of 40% in Shariah-compliant equity securities.</p> <p>Sukuk and Islamic Money Market Instruments</p> <p>The Fund can invest up to a maximum 60% of its NAV in sukuk and Islamic money market instruments. In buying and selling such instruments for the Fund, the Investment Manager uses active tactical duration management (where duration of the portfolio of the Fund will be monitored and modified according to interest rate outlook without any portfolio maturity limitation), yield curve positioning and credit spread arbitraging. This approach also involves an analysis of general economic and market conditions. It also involves the use of models that analyze and compare expected returns and assumed risk. Under this approach, the Investment Manager will focus on Shariah-compliant instruments that would deliver favorable return in light of the risk. The Investment Manager may also consider Shariah-compliant investments with a more favorable or improving credit or industry outlook that provide the potential for capital appreciation.</p> <p>The Fund invests in Malaysia and to a lesser extent, in foreign markets where the regulatory authorities are ordinary or associate members of the International Organization of Securities Commissions (IOSCO).</p> <p>The Fund is actively managed. However, the frequency of its trading strategy will depend on investment opportunities.</p>
Asset Allocation	<ul style="list-style-type: none"> • 40% to 60% of the Fund’s NAV in Shariah-compliant equities; • 40% to 60% of the Fund’s NAV in sukuk and Islamic money market instruments; and • At least 5% of the Fund’s NAV in Shariah-compliant liquid assets.
Base Currency	Ringgit Malaysia (RM)

Performance Benchmark	<ul style="list-style-type: none"> • 50% FTSE Bursa Malaysia Emas Shariah Index¹. • 50% Quantshop Medium GII Index. <p>(obtainable from: www.aminvest.com)</p> <p><i>Note: The composite benchmark index is a reflection of the Fund's average asset allocation over the medium to long-term. For the equities portion of the Fund the performance benchmark will be FTSE Bursa Malaysia EMAS Shariah Index and for the fixed income investment portion it will be the Quantshop Medium GII Index. The benchmark is for performance comparison only. The risk profile of the performance benchmark is not the same as the risk profile of the Fund.</i></p>
Launch Date	10 September 2004
Income Distribution	Income distribution (if any) is incidental.

Shariah Investment Guidelines

Equity Screening Process

The investment of the Fund in Shariah-compliant shares must only be done in companies listed in the Securities Commission Malaysia (the "SC") list of approved Shariah stocks. The Investment Manager will first identify the securities which are Shariah-compliant based on the list of securities approved by the SC. Amanie Advisors Sdn Bhd (the "Shariah Adviser") will then review the securities purchased by the Investment Manager to ensure that the investments of the Fund are in compliance with the acceptable Shariah requirements. The Shariah Advisory Council of the SC (the "SACSC") adopts a two-tier quantitative approach, which applies the business activity benchmarks and the financial ratio benchmarks, in determining the Shariah status of the listed securities. Hence, the securities will be classified as Shariah-compliant if they are within the business activity benchmarks and the financial ratio benchmarks.

Business activity benchmarks

The contribution of Shariah non-compliant activities to the overall revenue and profit before taxation of the company will be computed and compared against the relevant business activity benchmarks as follows:

(i) The five-per cent benchmark

The five-per cent benchmark is applicable to the following businesses/activities:

- conventional banking;
- conventional insurance;
- gambling;
- liquor and liquor-related activities;
- pork and pork-related activities;
- non-halal food and beverages;
- Shariah non-compliant entertainment;
- interest income from conventional accounts and instruments (including dividends from investment in Shariah non-compliant instruments, interest income awarded arising from a court judgement or arbitrator);
- tobacco and tobacco-related activities; and
- other activities deemed non-compliant according to Shariah.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the overall revenue or profit before taxation of the company must be less than five per cent.

(ii) The 20-per cent benchmark

The 20-per cent benchmark is applicable to the following businesses/activities:

- share trading;
- stockbroking business;
- rental received from Shariah non-compliant activities; and
- other activities deemed non-compliant according to Shariah.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the overall revenue or profit before taxation of the company must be less than 20 per cent.

Financial ratio benchmarks

For the financial ratio benchmarks, the SACSC takes into account the following:

(i) Cash over total assets

Cash only includes cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments is excluded from the calculation.

(ii) Debt over total assets

Debt only includes interest-bearing debt whereas Islamic financing or sukuk is excluded from the calculation.

Each ratio, which is intended to measure riba and riba-based elements within a company's statements of financial position, must be less than 33 per cent.

In addition to the above two-tier quantitative criteria, the SACSC also takes into account the qualitative aspect which involves public perception or image of the company's activities from the perspective of Islamic teaching.

Special Purpose Acquisition Companies ("SPACs")

In classifying securities of SPACs, the SACSC considers the following criteria:

- The proposed business activity should be Shariah-compliant;
- The entire proceeds raised from the initial public offering should be placed in Islamic accounts; and

(iii) In the event that the proceeds are invested, the entire investment should be Shariah-compliant.

Shariah-compliant securities include ordinary shares and warrants (issued by the companies themselves). This means that warrants are classified as Shariah-compliant securities provided the underlying shares are also Shariah-compliant. On the other hand, loan stocks and bonds are Shariah non-compliant securities unless they are structured based on the SACSC's approved Shariah rulings, concepts and principles.

The Manager will provide to the Shariah Adviser on a quarterly basis the monthly report on the holding of the Funds and transactions entered into for the Fund. As for the initial public offering, it has to be clearly stated in the information memorandum or prospectus that the stock has been approved by the SACSC. For securities not certified by the SACSC, a statement stating that the status of the securities has been determined in accordance with the ruling issued by the Shariah Adviser.

Cleansing/ Purification Process for the Fund

a) Active Breach/ Wrong Investment

Refers to Shariah non-compliant investment made by the Manager. The said investment will be disposed/withdrawn of with immediate effect. In the event of the investment resulted in gain (through capital gain and/or dividend), the gain is to be channeled to *baitulmal* or any other charitable bodies as advised by the Shariah Adviser. If the disposal of the investment resulted in losses to the Fund, the losses are to be borne by the Manager.

All costs incurred during the acquisition and disposal process, either the investment resulted in either gain or losses, are to be borne by the Manager.

b) Reclassification of Shariah Status of the Fund's Investment

As per the SACSC's ruling, the said security which was reclassified as Shariah non-compliant by SACSC will be disposed of soonest practical. If the respective market price of Shariah non-compliant securities exceeds or is equal to the investment cost, the Fund must liquidate them immediately. Any dividends received up to the date of the announcement and capital gains arising from the disposal of Shariah non-compliant securities on the date of the announcement can be kept by the Fund. However, any dividends received and excess capital gain from the disposal of Shariah non-compliant securities after the date of the announcement should be channelled to *baitulmal* and/or charitable bodies.

On the other hand, the Fund is allowed to hold their investment in the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Fund to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Fund is to dispose of their holding.

Zakat for the Fund

The Fund does not pay zakat on behalf of Muslim individuals and Islamic legal entities who are investors of the Fund. Thus, investors are advised to pay zakat on their own.

Shariah-compliant Fixed Income Instruments

1. Type of Securities

The Fund is to acquire only the following Shariah-compliant fixed income instruments:

Sukuk

Sukuk are certificates that provide evidence of an investment into an underlying asset or a project which is typically an income generating asset or project. The types of sukuk that are permissible for the Fund to invest in would include but not limited to:

1. Bai' Bithaman Ajil
2. Murabahah
3. Ijarah
4. Musharakah
5. Mudarabah
6. Istithmaar

All these sukuk must represent an undivided beneficial ownership of the sukuk investors in the underlying income producing assets. The profits payable to sukuk investors is to be generated from these assets.

The above list is not meant to be exhaustive. As the sukuk market is always evolving, the Investment Manager would be allowed to invest in newly introduced sukuk structures if they are deemed as Shariah-compliant by the Shariah Adviser.

Shariah-compliant mortgage backed securities

Shariah-compliant mortgage backed securities would include any form of Shariah-compliant securitization of which the underlying mortgage pools are based on the following Shariah contracts:

1. Ijarah Muntahiya bi Tamleek (Lease with ownership transfer)
2. Musharakah Mutanaqisah (Diminishing partnership)

Shariah-compliant asset backed securities

Shariah-compliant asset backed securities would include any form of Shariah-compliant securitization based on a true sale concept of which the cash flow related to the underlying assets are based on the transactions that use the following Shariah contracts, but not limited to:

1. Ijarah
2. Musharakah
3. Mudarabah

Shariah fixed income deposit or investment

This will include all dealings and transactions using Murabahah based commodity trading and other Shariah-compliant liquidity instruments to obtain a fixed income return through a special arrangement.

1. Commodity Murabahah
2. Tawarruq
3. Mudarabah investment account

4. Wakalah investment
5. Shariah-compliant Government Investment Issues (Mudarah and Musharakah certificates)
2. **Restrictions**

Any Shariah fixed income or liquidity instruments that are not mentioned in this guideline will have to be submitted to the Shariah Adviser for evaluation and endorsement prior to investment.

Trustee	:	AmanahRaya Trustees Berhad
Trustee's Delegate	:	Citibank N.A. Singapore Branch
Shariah Adviser	:	Amanie Advisors Sdn Bhd
Taxation Advisor	:	Deloitte Tax Services Sdn Bhd
Auditor	:	Ernst & Young

All transactions with related parties are to be executed on terms which are best available to the Fund and which are not less favourable to the Fund than an arm's length transaction between independent parties. The Fund may have dealings with parties related to the Manager. The related parties defined are AIFM, AmInvestment Bank Berhad, AmInvestment Group Berhad, AmBank (M) Berhad and AmBank Islamic Berhad. The directors of AFM may have direct or indirect interest through their directorships in parties related to AFM.

The Manager may conduct cross trades between funds and private mandates it currently manages provided that all criteria imposed by the regulators are met. Notwithstanding, cross trades between the personal account of an employee of the Manager and the Fund's account and between the Manager's proprietary trading accounts and the Fund's account are strictly prohibited. The execution of cross trade will be reported to the investment committee and disclosed in the Fund's reports accordingly.

What are the possible outcomes of my investment?

Best Case	Capital appreciation and income distribution.
Mid Case	No significant change in investment i.e. no capital appreciation and no income distribution.
Worst Case	Capital loss and with no income distribution.

What are the key risks associated with the Fund?

General risks associated with investing in a unit trust fund

Market Risk	Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors resulting in a decline in a fund's net asset value.
Inflation Risk	This is the risk that investors' investment in a fund may not grow or generate income at a rate that keeps pace with inflation.
Manager's Risk	This risk refers to the day-to-day management of the fund by the manager which will impact the performance of a fund.
Non-Compliance Risk	This is the risk of the manager, the investment manager or the trustee not complying with their respective internal policies, the deed and its supplemental deeds, securities law or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of a fund.
Loan Financing Risk	This risk occurs when investors take a loan/financing to finance their investment. The inherent risk of investing with borrowed money includes investors being unable to service the loan repayments.
Country Risk	Investments of a fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the fund invests in.

Specific risks associated with the Fund

Credit and Default Risk	Credit risk relates to the creditworthiness of the issuers of the fixed income instruments and their expected ability to make timely payment of profit or interest and/or principal. Default risk relates to the risk that an issuer of a fixed income instrument either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the fixed income instruments.
Stock Specific Risk	Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies.
Currency Risk	As the investments of the Fund may be denominated in currencies other than the base currency, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments.
Shariah Non-Compliance Risk	This is the risk of the Fund not conforming to Shariah investment guidelines. Note that as the Fund can only invest in Shariah Compliant instruments, non-compliance may adversely affect the NAV of the Fund when the rectification of non-compliance results in losses.
Reclassification of Shariah Status Risk	This risk refers to the risk that the currently held Shariah-compliant equities in the Fund may be reclassified as Shariah non-compliant in the periodic review of the equities by the SACSC, the Shariah adviser or the Shariah boards of the relevant Islamic indices. If this occurs, the Manager will take the necessary steps to dispose such equities.

Rate of Return Risk	Rate of return risk refers to the impact of rate of return changes on the valuation of fixed income instruments. When rate of return rises, fixed income instruments prices generally decline and this may lower the market value of the Fund's investment in fixed income instruments. The reverse may apply when rate of return falls.
Liquidity Risk	Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.
Counterparty Credit Risk	Counterparty credit risk is the risk arising from the possibility that the counterparty may default or not able to fulfill a trade settlement prior or on the settlement date of the trade. This could adversely affect the value of the Fund.

Note: The abovementioned risks which investors should consider before investing into the Fund should not be considered to be an exhaustive list. Investors should be aware that investments in the Fund may be exposed to other unforeseeable risks from time to time. Investors are advised to consult their professional adviser. Please refer to the Prospectus under "Risk Factors" for further details on risks.

Please note that if you invest in units through a distributor via a nominee system of ownership, you will not be deemed a unit holder under the deed of the Fund.

There are fees and charges involved and you are advised to consider them before investing in the Fund.

What will I be charged by AFM?

Entry Charge	Up to 6.00% of the NAV per unit of the Fund <i>Notes: The entry charge is to be charged upon investment in the Fund. There will be no entry charge for all staff from AmBank Group. Investors are advised that they may negotiate for lower entry charge prior to the conclusion of the sales. Investment under the Employees Provident Fund – Members Investment Scheme ("EPF-MIS") will be levied an entry charge of up to 3.00% of the NAV per unit.</i>
Exit Penalty	There is no exit penalty for this Fund.
Transfer Fee	Nil.
Bank Charges/Fees	Bank charges or fees are incurred only upon withdrawals.
Switching Fee	For switches between any of the funds managed by AFM, investors will be charged on the differences of entry charge between funds switched, which is up to a maximum of 6% of NAV per unit of the fund switched into. No entry charge will be imposed if the fund to be switched into has a lower entry charge. However, the Manager has the discretion to waive or reduce the switching fee. Switching may also be subject to an exit penalty should the fund switched out impose an exit penalty.

What are the key ongoing fees charged to the Fund?

Annual Management Fee	Up to 1.50% per annum of the NAV of the Fund.
Annual Trustee Fee	Up to 0.06% per annum of the NAV of the Fund.

Note: Unless stated otherwise, all fees, charges and/or expenses disclosed in the Product Highlights Sheet are exclusive by way of example and not limitation; goods and services tax, value added tax, consumption tax, levies, duties and other taxes as may be imposed by the Government of Malaysia from time to time (collectively known as "Taxes"). If these fees, charges and/or expenses are subject to any Taxes, such Taxes shall be borne and payable by the unit holders and/or the Fund (as the case may be) at the prevailing rate, including any increase or decrease to the rate, in addition to the fees, charges and/or expenses stated herein.

You are advised to consider the fees and charges involved before investing in the Fund. Unit prices and distributions, if any, may go down as well as up.

How will I be notified of any increase in fees and charges?

- A written communication will be sent to unit holders to notify of the higher rate and its effective date; and
- A supplementary or replacement prospectus will be registered and issued.

How often are valuations available?

We publish updated information on our website www.aminvest.com; and the NAV per unit of the Fund is sent to the Federation of Investment Managers Malaysia (FIMM) in order for it to be published in major newspapers on a daily basis.

1-Year Fund Performance Review

For the financial year ended 30 September 2021, the Fund registered a return of 0.07% which was entirely capital growth in nature. Thus, the Fund’s return of 0.07% has outperformed the benchmark’s negative return of 2.01% by 2.08%.

Basis of calculation and assumptions

Amlslamic Balanced’s performance is calculated based on the net asset value per unit of the Fund. Average total return of the Fund and its benchmark for a period is computed based on the absolute return for that period annualised over one year.

Portfolio Turnover Ratio (PTR)

	Financial Year Ended 30 September 2021	Financial Year Ended 30 September 2020	Financial Year Ended 30 September 2019
PTR (times)	1.24	1.71	1.34
Remarks	2021: The PTR decreased by 0.47 times (27.49%) as compared to 1.71 times in 2020 mainly due to increase in average fund size. 2020: The PTR increased by 0.37 times (27.61%) as compared to 1.34 times in 2019 mainly due to increase in investing activities.		

Distribution

No income distribution was declared by the Fund for the last three financial years ended 30 September.

Past performance of the Fund is not an indication of its future performance.
